

Credit Unions' Celebration of the International Women's Day Equality Today for a Sustainable Tomorrow

Tuesday, March 8, 2022 at 9:00 to 13:30 Thailand time via ZOOM
Register for this Free Event!

THE THEME:

The theme for International Women's Day, 8 March, 2022 (IWD 2022) is, **"Equality today for a sustainable tomorrow,"** recognizing the contribution of women and girls around the world, who are leading the charge on climate change adaptation, mitigation, and response, to build a more sustainable future for all.

CLIMATE CHANGE IMPACTS LIVES:

Advancing gender equality in the context of the climate crisis and disaster risk reduction is one of the greatest global challenges of the 21st century. The issues of climate change and sustainability have had and will continue to have, severe and lasting impacts on our environment, economic and social development.

WOMEN ENDURE DEEPEST IMPACTS

Those who are amongst the most vulnerable and marginalized experience the deepest impacts. Women are increasingly being recognized as more vulnerable to climate change impacts than men, as they constitute the majority of the world's poor and are more dependent on the natural resources which climate change threatens the most.

EVERYONE IS INVITED!

We encourage all men and women in leadership and management of credit unions to attend the webinar

Credit Unions' Celebration of the International Women's Day Equality Today for a Sustainable Tomorrow
