

## **Virtual Credit Union Study Program**

**Time: 10:00 AM on Friday, May 6, 2022 – Zoom Meeting**

### **Dental Hospital, Mahidol Faculty of Dentistry Savings and Credit Cooperative, Ltd. (DMD.SACCO)**

Dental Hospital, Mahidol Faculty of Dentistry Savings and Credit Cooperative, Limited (DMD.SACCO) was established on March 1, 1994, with 165 members and share capital of 1,299 USD.

Adhering to cooperative principles and values, the cooperative provides access to loans and savings products to relieve members from financial difficulties and create a better quality of life.

Since March 2020, the Novel Coronavirus Disease 2019 outbreak has affected the Thai economy and, thus, the dental services business of the Faculty of Dentistry of Mahidol University. Except for emergency cases, the dental services were temporarily closed to avoid spreading the infection from COVID-19 during dental work.

For the last two years, the income of members of the dental profession or work has been severely affected. Their pay was not sufficient to cover their basic expenses and debt services. The cooperative was to their rescue by launching a Debt Relief program to help members whose income was affected by the pandemic.

DMD.SACCO will share their experiences on the impacts of COVID 19 on their members and cooperative. They will also share their responses and plans to build a resilient membership and institution.
